## STATEMENT OF WISHES AS A SUPPLEMENT TO TESTAMENTARY DOCUMENTS

I, \_\_\_\_\_, have executed certain Testamentary Documents. This Statement of Wishes is intended as a guide for my designated Personal Representatives, Trustees, Conservators, and/or Guardians and for my Children, Grandchildren and/or designated Beneficiaries in carrying out my wishes. I have taken the time to outline these issues because they are important. Should my fiduciaries make the decision not to follow this guide, then I authorize the Protector or designated fiduciary identified in my legal documents to notify the persons involved with my estate who have the power and authority to take action so my Statement of Wishes is strictly followed.

**My wishes are as follows:**
